**NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014**

INTRODUCTION

The Spring Bayou Water Works District, Marksville, Louisiana was incorporated on October 9, 1990, under the provision of the Louisiana Revised Statutes 33:3814, by the Avoyelles Parish Police Jury. The District operates under a President-Board form of government, whose appointments are made by the Avoyelles Parish Police Jury. The members of the board receive \$15 per meeting attended. The District is responsible for maintaining and operating a water system within the boundaries of the district.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under the provisions of this Statement, the Spring Bayou Water Works District is considered a component unit of the Avoyelles Parish Police Jury. As a component unit, the accompanying financial statements may be included within the reporting entity of the primary government, either blended into those financial statements or separately reported as a discrete component unit.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

A. FINANCIAL STATEMENTS

Government Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, provides that special-purpose governments engaged only in business-type activities should present only the financial statements required for the enterprise fund. For these governments, basic financial statements and required supplemental information (RSI) consist of:

1. Management’s discussion and analysis (MD&A)
2. Statement of net assets
3. Statement of revenues, expenses and changes in net assets
4. Statement of cash flows
5. Notes to the financial statements
6. RSI other than MD&A, if applicable

The Spring Bayou Water Works District is a special-purpose government engaged only in business-type activities.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Enterprise fund statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing related to cash flows.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operation. The operating expenses of the Spring Bayou Water Works District include the costs of the services, administrative expenses, and depreciation. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the department may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

D. RECEIVABLES

All receivables are generally shown net of an allowance for uncollectible accounts. These statements contain no provision for uncollectible accounts. The District is of the opinion that such an allowance would be immaterial to the financial statements taken as a whole.

MARKSVILLE, LOUISIANA**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES, CONTINUED

E. NET ASSETS

In the financial statements, equity is classified as net assets and displayed in three components:

Invested in capital assets, net of related debt – consist of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets – consist of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, laws, or regulation of other governments; or (2) laws through constitutional provisions or enabling legislation.

Unrestricted net assets – all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

F. CAPITAL ASSETS

Capital assets, which include land, the water system, buildings, and equipment are reported in the enterprise fund financial statements. All of the District's capital assets are capitalized at historical cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

	<u>Estimated Lives</u>
Infrastructure – water system	25 - 40 years
Buildings	25 years
Equipment	5 – 10 years

G. LONG-TERM OBLIGATIONS

Long-term debt such as revenue bonds payable are reported as liabilities in the statement of net assets.

H. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures, and revenues and expenses during the reporting period. Actual results could differ from these estimates.

NOTE 2. CASH AND CASH EQUIVALENTS

At December 31, 2014 the District has cash and cash equivalents (book balances) as follows:

Demand Deposits	<u>\$72,410</u>
-----------------	-----------------

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balance) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2014, the District has \$72,595 (collected bank balances). These deposits are secured from risk by \$72,595 of federal deposit insurance.

NOTE 3.ACCOUNTS RECEIVABLE

At December 31, 2014, the District has net receivables of \$7,284, as follows:

Water user fees	\$7,284
Allowance for uncollectible accounts	<u>0</u>
Net receivables	<u>\$7,284</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5. RESTRICTED ASSETS

The bond covenants for the 1994 and 2005 water revenue bond issues, as discussed in Note 4 above, require the district to establish the following reserve accounts:

Water Reserve Fund - The District must transfer \$28 each month until the 2005 funded project is accepted by the District. Following acceptance by the District, the monthly deposit increases to \$66. In May 2006, the monthly deposit increased to \$79, until the account reaches a balance of \$18,856. In July 2034, when the 1994 Bond issue is fully retired, the funds on deposit in the Reserve Fund are to be reduced to \$12,246.

Contingency Fund - The District must transfer \$28 each month until the 2005 funded project is accepted by the District. Following acceptance by the District, the monthly deposit increases to \$66. In May 2006, the monthly deposit increased to \$79, until the account reaches a balance of \$18,856. In August 2034, when the 1994 Bond issue is fully retired, the monthly deposit to the Contingency Fund is reduced to \$103.

As of December 31, 2014, the District was in compliance with the reserve requirements for the bond issues.
